February 8, 2021

Dear Hopewell Parents/Guardians,

Today, the District was made aware of two (2) positive COVID cases today at Hopewell Elementary School.

The first case is a student in third grader who was last in the building on Thursday, January 28, 2021. This student was NOT considered to be infectious while in school, therefore, this positive case will NOT count to the school closure case count.

The second case is a student in kindergarten who was last in the building on Thursday, January 28, 2021. This student was NOT considered to be infectious while in school, therefore, this positive case will NOT count to the school closure case count.

It is critical that all Hopewell parents monitor their child’s health and keep your child home from school if exhibiting any symptoms. Additionally, please report any COVID testing or symptoms to the school nurse.

Should you have questions, please reach out to your building school nurse or principal. Our priority remains focused on the safety of all students, families and staff.

With Viking PRIDE-

Dr. Michelle Miller
Superintendent
