Dear Hopewell Parents/Guardians,

The District was made aware of one (1) probable positive COVID case at Hopewell Junior High School/Senior High and one (1) positive COVID case at Hopewell Elementary School.

The probable COVID case involves a staff member who was at both the Junior and Senior High last week. This staff member was last in the building Friday, February 26, 2021. This staff member WAS considered to be infectious while last in school. Therefore, this positive case WILL count to the school closure case count for both the Junior and Senior High buildings. Close contacts have already been identified.

The Hopewell Elementary case involves a student in second grade who was last in the building on February 26, 2021. This student WAS considered to be infectious while last in school. Therefore, this positive case WILL count to the school closure case count. Close contacts have already been identified.

It is critical that all Hopewell parents monitor their child’s health and keep your child home from school if exhibiting any symptoms. Additionally, please report any COVID testing or symptoms to the school nurse.

Should you have questions, please reach out to your building school nurse or principal. Our priority remains focused on the safety of all students, families and staff.

With Viking PRIDE-

Dr. Michelle Miller
Superintendent

*Note: This letter was revised to include a correction to the date the 2nd grader was last in the building. It was previously listed as February 25 and is now corrected.
